Evergreen Liners under lath shade

The Fall '48-Spring '49 season marks the Fiftieth Anniversary of the founding of C. R. Burr & Company, Inc. The late Mr. Clifford R. Burr established the business which now bears his name in the fall of 1898.

From a small beginning of less than one acre of cultivated nursery stock, this company has continued to grow until today there are five hundred acres under cultivation. Approximately three acres of storage is under roof, and in addition modern cold storage is used for those items which require the maintenance of special temperature and humidity.

We extend to nurserymen a sincere invitation to visit us during our anniversary year. We shall be pleased to have an opportunity to show our stocks in the fields and take you through our warehouses. Your comments as to the varieties and grades of material which most nearly fill the needs of your business are of interest to us, because we aim to propagate and produce material for which you are experiencing a good demand. It is our desire to continue to produce quality nursery stock of a type and caliber which will warrant your patronage.

We are located nine miles east of Hartford, near Routes 6, 15 and 44. We will meet you at Hartford, Conn., or Springfield, Mass., if you notify us when and where you will arrive.

## C. R. BURR & CO.

Wholesale Nurserymen

CHARLES S. BURR, *President*

L. F. PALMETER, *Vice-President and  
General Sales Manager*

C. E. HOGAN, *Treasurer*

MANCHESTER • CONNECTICUT

*"Growing since '98"*

**Members of American Association of Nurserymen, New England Nurserymen's Association, and Connecticut Nurserymen's Association.**

**All stock graded according to American Association of Nurserymen's standards.**

**Terms and Conditions of Sale:**

These prices are wholesale and apply only to wholesale quantities. They are based on present market conditions and subject to change without notice.

**Terms:** 2% 10 days; Net 60 days. C. O. D. shipments to be accompanied by 25% of face amount of order. Cash, security or satisfactory references are required from unknown parties.

**We Do Not Break Bundles.** All orders must be made up in 10 of a variety or multiples of 10 except Evergreens and Ornamental Trees.

**Shipping.** We welcome customers' instructions regarding shipping. In the absence of definite instructions we will use our own judgment, with the distinct understanding that it is without responsibility on our part. A charge will be made for boxing and crating except when cash accompanies order. Boxing and crating charges will be made for all evergreen and shade trees.

**Claims** for shortages, unsatisfactory stock or for any cause whatsoever must be made in writing direct to the home office within ten days from receipt of shipment.

Correspondents are requested to use their business letterhead to identify them as being entitled to wholesale prices. We do not quote prices to retail buyers.

We have limited quantities of items other than those listed. Mail your want list to our Manchester office.

If you need urgent handling and quick delivery of your order, we have a direct Western Union wire in our office.

**OFFICE PHONE NUMBERS**  
**Manchester: 4161-4162-4163**

# ORNAMENTAL SHRUBS

Your shrubs from Burr Nurseries are two and three years old. They are transplanted, field-grown shrubs graded in accordance with the standards of the American Association of Nurserymen. They are produced in the famed Connecticut Valley, renowned for its production of quality agricultural crops.

You are invited to inspect these fine shrubs throughout the year at our Connecticut Farms, as they are propagated, transplanted and grown on in well-spaced, fertilized and thoroughly cultivated rows. They have been pruned, dug and graded to assure you of well-branched, heavy-rooted quality Northern-Grown Ornamentals.

# ROSES

You will be well satisfied with the rapid development and early, luxuriant growth of Burr Roses. They are budded on Rosa Multiflora, the hardiest and the least suckering of Rose rootstocks. The plants have been fertilized at the proper time, well cultivated and properly and adequately dusted during the growing season to make them strong and disease-free.

All Roses are graded according to the standards of the American Association of Nurserymen.

# FRUIT TREES

Your fruit-tree requirements can be met at Burr's, where several hundred thousand are produced each season. These trees are grown under the most modern methods and graded to the standards of the American Association of Nurserymen.

The inspectors of the Massachusetts Fruit Growers Association offer inspection service for trueness-to-name and are regularly employed to inspect Burr blocks of fruit trees. The certificate issued to C. R. Burr & Company as of July 18, 1948, follows:

"All of the apple, plum, pear and two-year sweet cherry varieties propagated and now growing in the nurseries of C. R. Burr & Company, Inc., Manchester, Connecticut, have been examined by the Massachusetts Trueness-to-name Inspection Service. To the best of our knowledge, these trees are true-to-name as they now stand in the nursery row.

(Signed) A. P. French"
